

**SETTING THE SCENE**

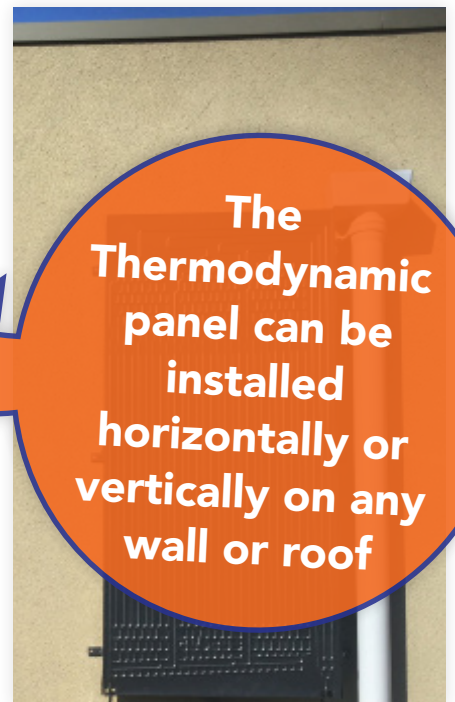

2016 has seen Magic Box International introduce the MCS approved LMTB 4 into a franchise Starbucks coffee shop. Seeing Starbucks embrace this hot water renewable

energy product as a business ambassador and setting such an example to its coffee drinkers is fantastic news and really does show how powerful the

latest little box is! The new software within the LMTB 4 ensures that the water storage cylinder is heated up when the demand is most needed.

The Thermodynamic panel can be installed horizontally or vertically on any wall or roof

Contact the team now to find out more about the benefits of the LMTB IV and how it can generate up to 100% of your hot water demands day and night, all year.
